DETAILED ACTION

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Amendments filed by applicants on 0/03/2005 and 10/17/2005 have overcome a new matter rejection asserted by the examiner in the office action mailed 6/2/2005 and Advisory action mailed 9/26/2005. In the supplemental amendment filed 10/17/2005, applicants amended claims to clarify the limitation "a plurality of common genes for different samples." Applicants convincingly argued in their response filed 12/9/2003 that prior art cited in the office action mailed 9/19/2003 (Shena et al., *PNAS*, 93:10614-10619 (1996)) fails to teach or suggest visual displaying of expression levels using ratios of expression levels of a plurality of samples on or inside a surface of a sphere.

Any comments considered necessary by applicants must be submitted no later than the payment of the issue fee and, to avoid processing delay, should preferably accompany the issue fee. Such submission should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 3-8 and 14-16 are allowed.
